Project services 30

Every project is quoted for its size, quantity, material, finishing and location. Product availability and scheduling are confirmed with your quote.

Banners

Promotions, openings, events and repeat campaigns. Choose the material and finishing around where your message will go.

Product example

Vinyl banners

Big, full-color messages for promotions, openings and events.

13, 15 and 18 oz material options; finishing by project.

Product example

Heavyweight blockout banners

A heavier banner with a core that limits show-through.

18 oz; one- or two-sided print options.

Product example

Mesh banners

Perforated banner material for locations where airflow matters.

Printed polyester mesh; mounting reviewed for the site.

Product example

Smooth indoor banners

A smooth graphic surface for close-view indoor displays.

Lay-flat display material and finishing options.

Product examples. Artwork, size, finish and included hardware are confirmed with your quote.

Banners / continued

Promotions, openings, events and repeat campaigns. Choose the material and finishing around where your message will go.

Product example

Fabric banners

Printed fabric for event graphics and indoor branding.

9 oz fabric option; size and finishing by quote.

Product example

Blockout fabric banners

Fabric graphics that reduce light showing through from behind.

Light-blocking fabric; custom printed artwork.

Product example

Tension fabric graphics

Fitted fabric prints made for compatible display hardware.

Two-way stretch; template and frame match required.

Product example

Backlit banners

Translucent printed graphics for compatible illuminated displays.

Backlit vinyl; lightbox specifications reviewed.

Product examples. Artwork, size, finish and included hardware are confirmed with your quote.

Banners / continued

Promotions, openings, events and repeat campaigns. Choose the material and finishing around where your message will go.

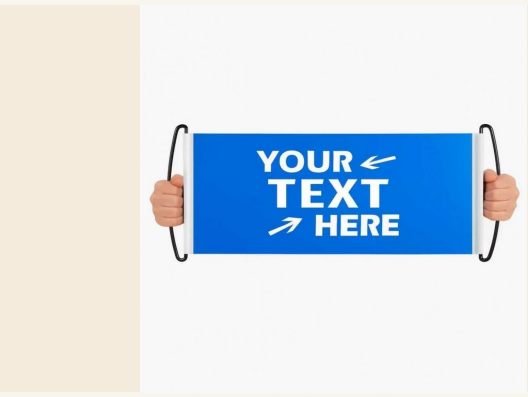

Product example

Pole banners

Double-sided messages for approved pole locations.

Pole pockets; matching bracket options.

Product example

Hand banners

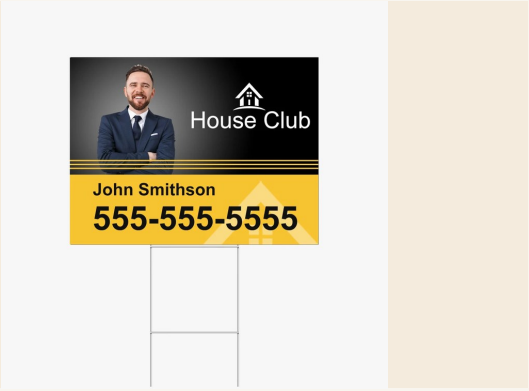

Portable banners supporters can hold at games and events.

Printed vinyl with handles.

Product examples. Artwork, size, finish and included hardware are confirmed with your quote.

Rigid signs & magnets

From temporary yard signs to mounted panels. Match the substrate, size and support to the placement.

Product example

Yard signs

Lightweight rigid signs for promotions, directions and job sites.

4 or 10 mm corrugated plastic; stake options.

Product example

Acrylic signs & photo panels

Printed clear panels for interior branding and image displays.

White-ink and mounting options.

Product example

Foam-board signs

Lightweight boards for indoor events, presentations and displays.

3/16-inch foam board; indoor use.

Product example

Gatorfoam signs

Rigid display boards for indoor presentations and exhibits.

3/16- and 1/2-inch options; white or black.

Product examples. Artwork, size, finish and included hardware are confirmed with your quote.

Rigid signs & magnets / continued

From temporary yard signs to mounted panels. Match the substrate, size and support to the placement.

Product example

PVC signs

Smooth plastic panels for printed business and event messages.

3 and 6 mm options; application reviewed.

Product example

Styrene signs & inserts

Flexible plastic graphics for holders, inserts and displays.

Thin, smooth plastic sheet.

Product example

Aluminum signs

Printed metal panels for business identification and information.

.040- and .080-inch options.

Product example

Aluminum composite signs

Rigid panels with metal faces and a lightweight core.

3 and 6 mm options; mounting by scope.

Product examples. Artwork, size, finish and included hardware are confirmed with your quote.

Rigid signs & magnets / continued

From temporary yard signs to mounted panels. Match the substrate, size and support to the placement.

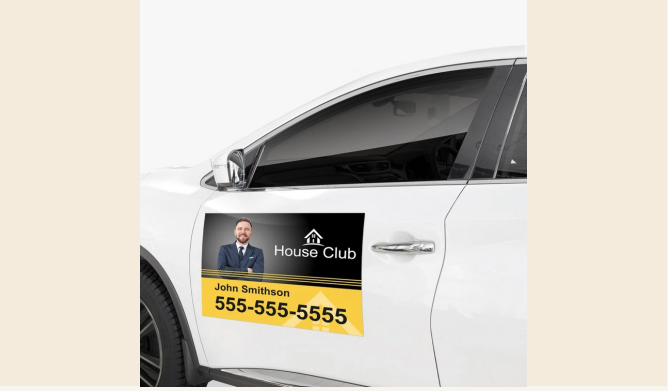

Product example

Bubble-core plastic signs

Lightweight plastic panels with a rigid internal bubble structure.

4 mm polyethylene; satin finish.

Product example

Vehicle & custom magnets

Removable printed messages for suitable magnetic surfaces.

Standard sizes, custom sizes and contour-cut options.

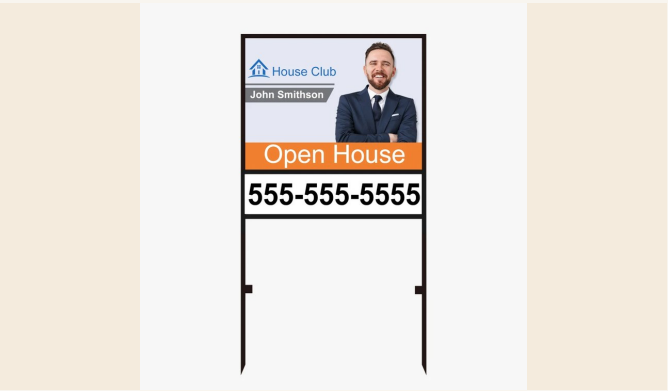

Product example

Hanging post signs

A hanging sign panel paired with a matching post system.

PVC post and composite-panel options.

Product example

Steel-frame sign sets

Reusable frames holding changeable property or directional signs.

Drop-in panels; one- or two-sided graphics.

Product examples. Artwork, size, finish and included hardware are confirmed with your quote.

Adhesive & window graphics

Graphics for glass, walls, floors and suitable vehicle surfaces. Material and installation are matched to the surface.

Product example

Printed adhesive vinyl

Custom printed graphics for suitable smooth, flat surfaces.

Permanent adhesive and air-release options.

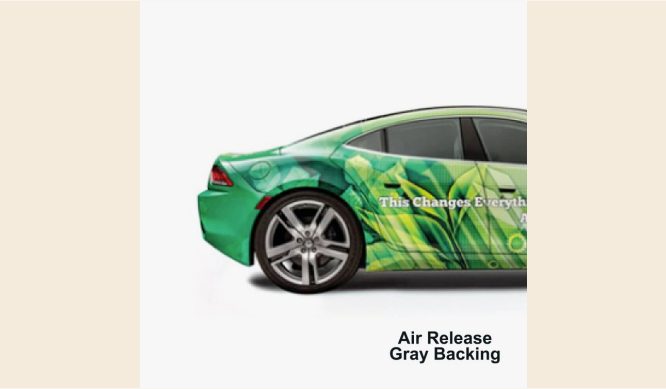

Product example

High-performance vinyl

Conformable printed graphics for flat surfaces and simple curves.

Repositionable application options.

Product example

Vehicle wrap graphics

Printed wrap media for vehicle branding and shaped surfaces.

Cast vinyl options; installation reviewed separately.

Product example

Perforated window graphics

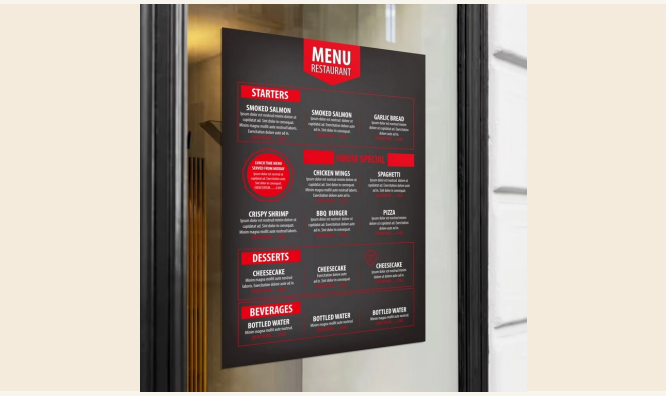

Window promotions printed on perforated adhesive film.

50/50 and 70/30 options; visibility depends on lighting.

Product examples. Artwork, size, finish and included hardware are confirmed with your quote.

Adhesive & window graphics / continued

Graphics for glass, walls, floors and suitable vehicle surfaces. Material and installation are matched to the surface.

Product example

Window clings

Changeable window messages using removable cling material.

Inside- or outside-facing options.

Product example

Clear window graphics

Printed graphics with a transparent background on suitable glass.

Clear adhesive film; artwork coverage reviewed.

Product example

Frosted glass graphics

A frosted graphic treatment for interior glass and partitions.

Printable frosted vinyl.

Product example

Double-sided window graphics

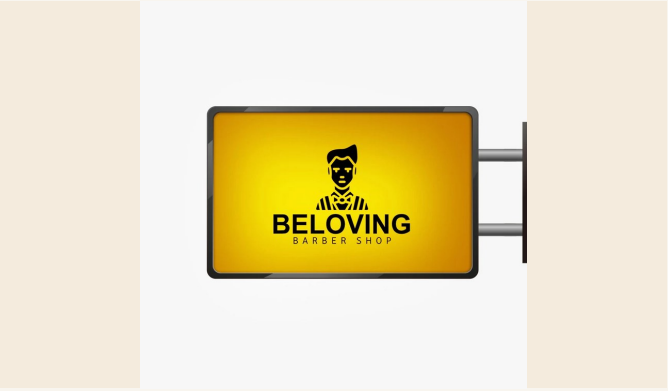

Different messages visible from each side of a window.

Double-sided printed adhesive construction.

Product examples. Artwork, size, finish and included hardware are confirmed with your quote.

Adhesive & window graphics / continued

Graphics for glass, walls, floors and suitable vehicle surfaces. Material and installation are matched to the surface.

Product example

Translucent sign-face graphics

Printed adhesive faces for compatible illuminated signs.

Translucent vinyl; existing sign details required.

Product example

Indoor floor graphics

Wayfinding and promotional graphics for suitable indoor floors.

Floor-film and laminate options; surface review required.

Product example

Outdoor floor graphics

Printed pavement graphics for selected outdoor surfaces.

Outdoor adhesive material; location and surface review.

Product examples. Artwork, size, finish and included hardware are confirmed with your quote.

Displays & sign holders

Portable formats for sales floors, reception areas, photo opportunities and trade-show booths.

Product example

Retractable banner stands

Pull-up graphics that pack into their own base.

Economy, standard, deluxe and wider formats.

Product example

Tabletop retractable banners

Compact pull-up displays for counters and event tables.

Small-format retractable hardware and printed insert.

Product example

X-banner stands

Lightweight frames supporting replaceable banner graphics.

Multiple sizes; grommeted print.

Product example

Tension fabric stands

Tall displays with fitted fabric graphics over a frame.

Single- and double-sided options.

Product examples. Artwork, size, finish and included hardware are confirmed with your quote.

Displays & sign holders / continued

Portable formats for sales floors, reception areas, photo opportunities and trade-show booths.

Product example

Step-and-repeat backdrops

Branded photo backgrounds for events and announcements.

Fabric graphic and compatible tube frame.

Product example

Tension fabric backwalls

Wide exhibit graphics in straight or curved formats.

Multiple booth widths; fitted fabric and frame.

Product example

Popup fabric displays

Fabric backwalls supported by folding accordion hardware.

Straight and curved hook-and-loop options.

Product example

Modular trade-show kits

Coordinated display components for your booth footprint.

10 x 10, 10 x 20 and 20 x 20 ft families.

Product examples. Artwork, size, finish and included hardware are confirmed with your quote.

Displays & sign holders / continued

Portable formats for sales floors, reception areas, photo opportunities and trade-show booths.

Product example

Branded podiums

A compact greeting and presentation point for your exhibit.

Printed graphic and compatible podium options.

Product example

SEG fabric displays

Fabric graphics with edges that fit a slim display frame.

Non-lit frames and replacement graphics.

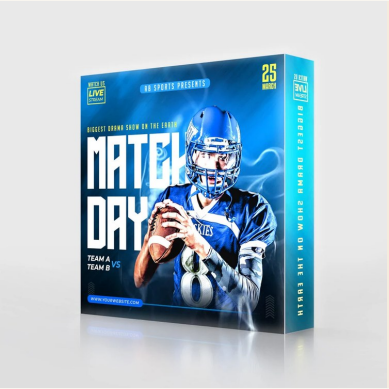

Product example

Backlit SEG displays

Illuminated fabric graphics in a freestanding frame.

LED frame options; one- or two-sided formats.

Product example

Backlit SEG popup displays

Illuminated exhibit graphics with a folding display frame.

8 and 10 ft product families.

Product examples. Artwork, size, finish and included hardware are confirmed with your quote.

Displays & sign holders / continued

Portable formats for sales floors, reception areas, photo opportunities and trade-show booths.

Product example

Plastic sidewalk signs

Portable sandwich-board displays for entrance promotions.

Standard, removable-panel and compact formats.

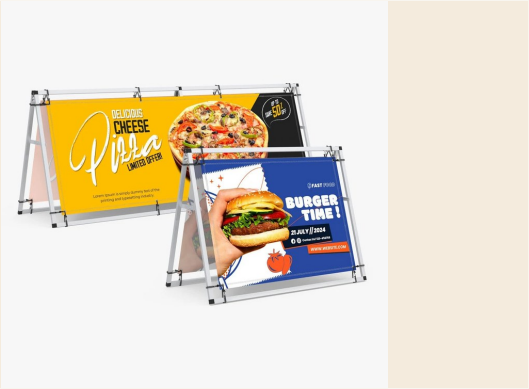

Product example

Metal sidewalk A-frames

Metal frames with replaceable printed sign panels.

Drop-in corrugated-plastic graphics.

Product example

Banner A-frames

Freestanding frames carrying large promotional banners.

Aluminum frame; 4 and 8 ft formats.

Product example

Freestanding holders for changeable indoor messages.

Steel stand and matching printed insert.

Product examples. Artwork, size, finish and included hardware are confirmed with your quote.

Displays & sign holders / continued

Portable formats for sales floors, reception areas, photo opportunities and trade-show booths.

Product example

Small directional A-frames

Compact portable signs for properties and event directions.

24 x 18-inch panel format.

Product examples. Artwork, size, finish and included hardware are confirmed with your quote.

Flags, tents & table covers

Build a coordinated event presence with matching graphics, compatible hardware and a clear setup plan.

Product example

Feather flags

Tall promotional flags for entrances and event spaces.

Angled and convex shapes; base and print-side options.

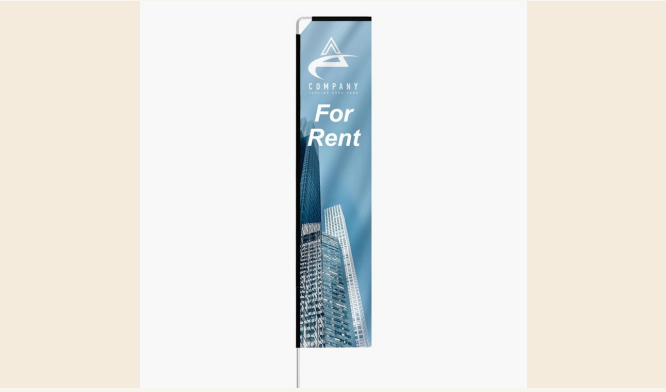

Product example

Teardrop flags

Curved flag displays for business and event branding.

Multiple heights; one- or two-sided graphics.

Product example

Rectangle flags

Rectangular flag displays for logos and promotional messages.

Multiple heights and base options.

Product example

Custom pole flags

Your artwork printed for use on compatible flag hardware.

Standard or custom sizes; grommet finishing.

Product examples. Artwork, size, finish and included hardware are confirmed with your quote.

Flags, tents & table covers / continued

Build a coordinated event presence with matching graphics, compatible hardware and a clear setup plan.

Product example

Desktop flags

Small flag displays for counters, desks and reception areas.

Desktop teardrop format.

Product example

Stock-message promotional flags

Ready-designed flag messages for common business promotions.

Selected designs with compatible pole and base.

Product example

Printed event tents

Branded canopies that make your event space recognizable.

10 x 10, 10 x 15 and 10 x 20 ft families.

Product example

Tent walls & half walls

Printed panels to coordinate with your branded canopy.

Full or half walls; model-specific fit and supports.

Product examples. Artwork, size, finish and included hardware are confirmed with your quote.

Flags, tents & table covers / continued

Build a coordinated event presence with matching graphics, compatible hardware and a clear setup plan.

Product example

Tent flag kits

Flag accessories matched to compatible event tents.

Hardware and graphics depend on the tent model.

Product example

Printed table throws

Loose-fitting branded covers for event and display tables.

4, 6 and 8 ft options; open or closed back.

Product example

Fitted table covers

Tailored rectangular covers for a clean event-table finish.

6 and 8 ft options; back styles available.

Product example

Stretch table covers

Close-fitting printed fabric wraps for event tables.

6 and 8 ft options.

Product examples. Artwork, size, finish and included hardware are confirmed with your quote.

Flags, tents & table covers / continued

Build a coordinated event presence with matching graphics, compatible hardware and a clear setup plan.

Product example

Round table covers

Branded covers for round meeting and cocktail tables.

Standard and bar-height formats.

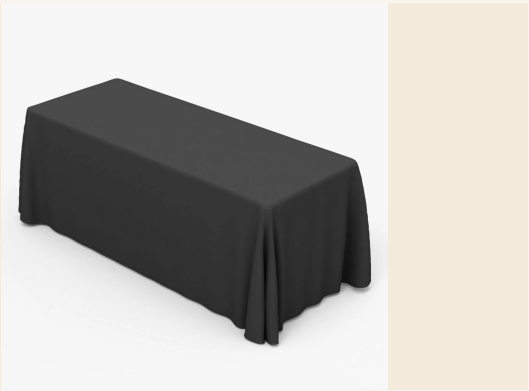

Product example

Table runners

A strip of full-color branding across your table.

Printed runner; coordinating throw options.

Product example

Solid-color table throws

Simple unprinted covers to complete your event setup.

6 and 8 ft options; selected colors.

Product examples. Artwork, size, finish and included hardware are confirmed with your quote.

Posters, wall art & murals

Artwork, messages and full-wall graphics for interiors. Choose a ready-to-display piece or a print for your own finishing.

Product example

Paper posters

Printed paper graphics for short-term indoor promotions.

Bright-white satin paper.

Product example

Tear-resistant posters

Durable paper-style prints for repeated handling.

Water- and tear-resistant polyethylene material.

Product example

Poster & popup inserts

Smooth non-adhesive graphics for compatible display systems.

Blockout PVC display material.

Product example

Canvas roll prints

Printed canvas supplied for custom stretching or framing.

Canvas material and finish options.

Product examples. Artwork, size, finish and included hardware are confirmed with your quote.

Posters, wall art & murals / continued

Artwork, messages and full-wall graphics for interiors. Choose a ready-to-display piece or a print for your own finishing.

Product example

Canvas wraps

Artwork stretched into a gallery-style canvas display.

1.5-inch wrap format.

Product example

Framed canvas

Canvas artwork finished with a surrounding frame.

Selected frame colors.

Product example

Framed prints

Custom printed artwork presented in a display frame.

Wood-style framing options.

Product example

Adhesive wall murals

Custom printed fabric graphics for suitable interior walls.

Removable, repositionable wall-fabric options.

Product examples. Artwork, size, finish and included hardware are confirmed with your quote.

Posters, wall art & murals / continued

Artwork, messages and full-wall graphics for interiors. Choose a ready-to-display piece or a print for your own finishing.

Product example

Non-woven wallpaper

Printed wallpaper for interior graphics and branded spaces.

PVC-free, non-self-adhesive material.

Product example

Wall-mounted fabric frames

A slim frame with a replaceable silicone-edge fabric graphic.

Black aluminum frame and matching printed fabric.

Product examples. Artwork, size, finish and included hardware are confirmed with your quote.

Apparel & transfers

Branded shirts and transfer graphics for coordinated teams, events and promotional items.

Product example

Printed T-shirts

Full-color printed shirts for your team, promotion or event.

Direct-to-garment printing; garment and placement by quote.

Product example

DTF garment transfers

Printed transfer films for application to compatible fabrics.

Transfer supply; heat-press application reviewed separately.

Product example

UV DTF transfers

Adhesive printed graphics for compatible hard goods.

Color, white and gloss; surface suitability reviewed.

Product examples. Artwork, size, finish and included hardware are confirmed with your quote.

Cards & handouts

Small-format printed pieces that keep your business in hand after the conversation ends.

Cards and mailers shown together

Business cards

A printed introduction with your business and contact details.

Gloss or matte finish options.

Cards and mailers shown together

Postcards

Compact printed pieces for announcements and promotions.

Size and finish options by quote.

Cards and mailers shown together

Printed mailers

Printed promotional pieces prepared for your distribution plans.

Printing only; mailing services are not included.

Product example

Aluminum business cards

Rigid metal cards with a direct-printed full-color design.

Gloss-finish aluminum.

Product examples. Artwork, size, finish and included hardware are confirmed with your quote.

Specialty & dimensional signs

Distinctive finishes, illuminated graphics and dimensional lettering. Each project starts with a product and site review.

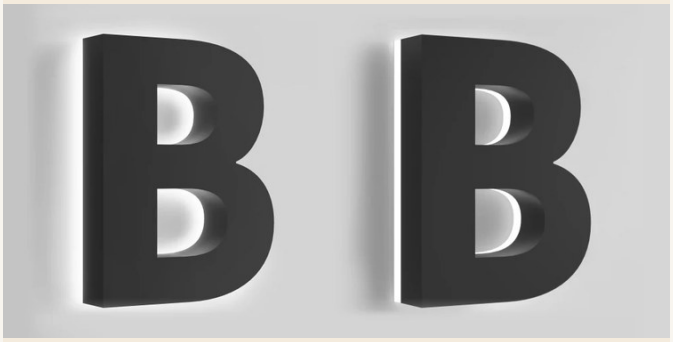

Product example

Front-lit channel letters

Dimensional letters with illuminated acrylic faces.

Front-lit and dual-light configurations.

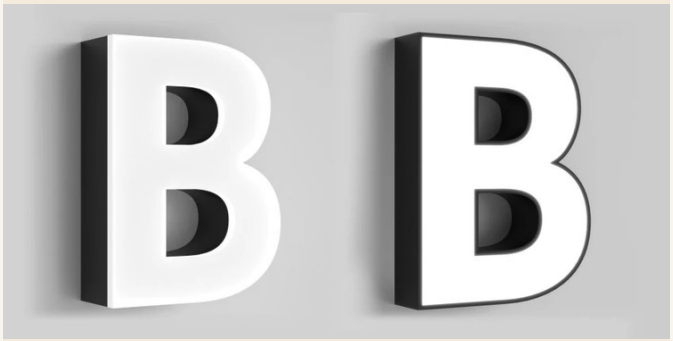

Product example

Halo-lit channel letters

Dimensional letters with light directed behind the sign.

Reverse-lit metal and acrylic configurations.

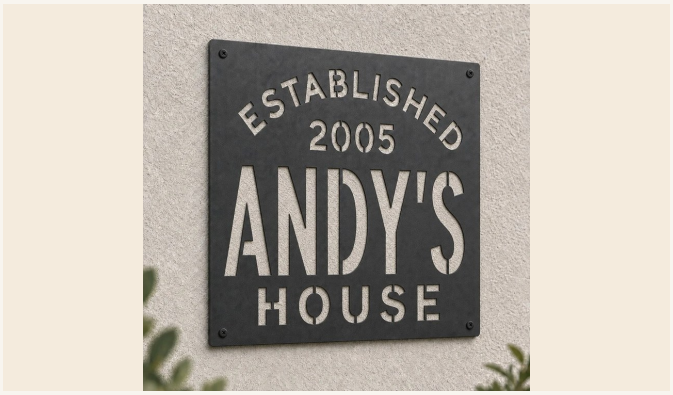

Product example

Premium acrylic-face letters

Fabricated letters with full or inset acrylic face treatments.

Configuration, mounting and lighting by project review.

Product example

Custom cut-metal signs

Custom shapes cut from steel and finished in powder coat.

16-gauge steel; selected colors and sizes.

Product examples. Artwork, size, finish and included hardware are confirmed with your quote.

Specialty & dimensional signs / continued

Distinctive finishes, illuminated graphics and dimensional lettering. Each project starts with a product and site review.

Product example

Backlit film & polycarbonate

Translucent non-adhesive inserts for compatible lightboxes.

Film and flexible polycarbonate options.

Product example

Reflective sign finishes

Reflective graphics for selected signs, panels and magnets.

Reflective material selected for the intended application.

Product example

Dry-erase signs & graphics

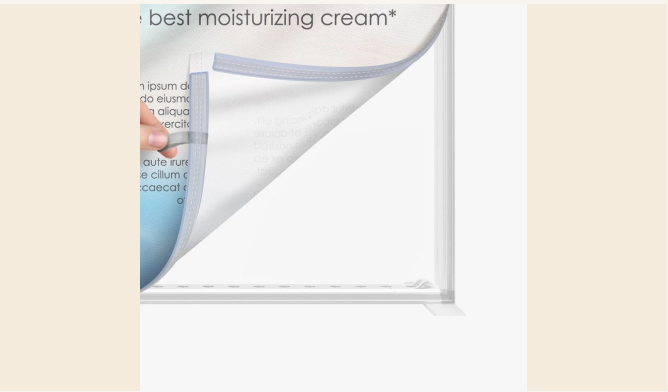

Custom printed artwork with a writable surface.

Vinyl, magnet and selected rigid-board options.

Product examples. Artwork, size, finish and included hardware are confirmed with your quote.

Hardware & replacements

Keep compatible displays in use with fresh graphics, matching supports and the right finishing components.

Product example

Replacement display graphics

New artwork fitted to your existing compatible display.

Banner, fabric and SEG options; model details needed.

Product example

Display frames & components

Replacement hardware for compatible banners and exhibits.

Retractable, X, tension, backdrop and booth components.

Product example

Flag poles & bases

Matched supports for your chosen flag and display surface.

Model-specific poles, bases and accessories.

Product example

Tent frames & supports

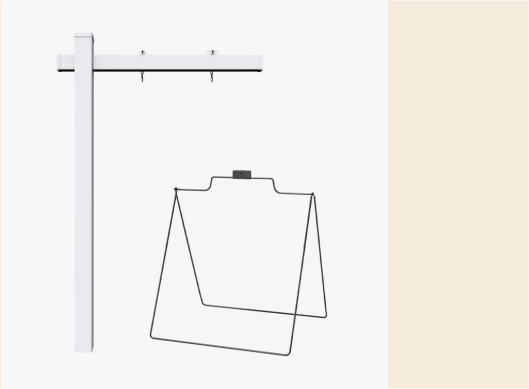

Compatible frames and accessories for event canopies.

Frames, half-wall supports and matching components.

Product examples. Artwork, size, finish and included hardware are confirmed with your quote.

Hardware & replacements / continued

Tell us what you have in mind.

A clear brief helps us recommend the right product and put a useful quote together.

The product	Which item caught your eye? Include the quantity and approximate finished size.
The placement	Send the city or ZIP, a photo of the space and the surface or display hardware.
The artwork	Share your logo, artwork or message. We will review file requirements for the chosen product.
The timing	Tell us the date you need it in place and whether you need delivery or installation.

WORK WITH SOLIDSITE SIGNS.
